

# **Finegold Trust Board**

## **Special Meeting**

**October 6, 2022**

**Via Zoom**

**Today's meeting was agreed to by all board members and called to address a proposal by Daniel Cryns.**

**Called to Order at: 4:25pm**

**Attendance: Tom, Bill, Ron, Mary and Daniel. Excused absence: Marc (unable to attend)**

### **Summary of discussion:**

A one room trailer is currently sitting up on the hill overlooking the Gate Haus and the entry gate, near the water tank. It is in a state of disrepair and is an eye sore. Estimates obtained for the removal of the trailer were near \$5000-\$6000, for which funds are not available.

Daniel Cryns has plans to build himself a tiny home on wheels that could be moved off the property if necessary. He would like to have the trailer, and at his expense begin repairs and construction to make into a tiny home for himself. He would be responsible for removing it when/if the time comes. The exterior would be the first improvement so that it would immediately be more appealing to visitors.

Motion made and seconded to deed ownership of the older trailer, presently sitting up on the hill above the gated entry to Finegold to Daniel Cryns for his renovation.

All in favor, motion carried.

**Preservation of Gate Haus and Studio:** Dan has looked over these building and has suggested they be covered with temporary tarps to prevent further damage by the weather. After discussion it was decided Dan would provide measurements to Ron and Ron will order and ship the tarps to Finegold.

**Green Van:** Bill states he has been working on removing his green van from the parking lot. He has a neighbor who is willing to tow the van.

**Meeting adjourned at: 4:42pm**

**Next Meeting TBA**
